System Requirements For Free PDF To Word Doc Converter:

Supported Systems: Minimum System Requirements: Author: My apologies, but I don't have a clue what Windows Update is doing with regards to Windows 7 compatibility for newer drivers. I'm not even sure if this happened at the corporate level or with your end user machines. I'm assuming that when Windows 7 is released that they're going to issue a statement with regards to compatibility. I know that prior to the new version of the OS being released, I saw comments on the internet from people that had some Windows 7 machines with
