Wednesday, May 22, 2008 I will be doing some more test with Tag Drive. To be honest, so far I think there is nothing that Tag Drive does better than Nero Vision.

However, I will have to do more research on Tag Drive to see if it will still be a good backup option.

using Windows Vista on my PC. Why is it that Microsoft always messes up a previous OS versions? I remember XP was a flop, Vista was a flop and now 7 is a flop too. If people want to use Linux, they can use Linux on their PC, why do they have to come to Microsoft asking that they "change the OS to suit my needs"? Friday, May 17, 2008 A week or so ago, my friend gave me his USB

#### **What's New In?**

- It's a nice software solution that allows you to create great looking photo strips using your digital pictures, it works with images in

---

## System Requirements For Magic Photo Strips:

Overview: A great blend of skill, strategy, and frantic action, Dungeon Crawl Stone Soup boasts incredible depth and replayability in every encounter. As the Dungeon Crawl Stone Soup community goes through the process of creating a campaign, it needs to be cleared of hazardous and valuable items such as shards, golden keys, and stones. A tool that is used to do this is the Kobold Barrel. Players will place the Kobold Barrel around the dungeon level and the Kobolds will periodically check the barrels for

---

stones, shards, and other objects.  
The longer players can keep these
