This version has 7 comments. VIP Uploaded 02-06Å .Wednesday, October 20, 2010 My Latest Purchase From Dr. Ohnishi I am a HUGE fan of Dr. Ohnishi's work, and I have been ever since his book, "SuperIntelligence", came out about 2 years ago. By "superintelligence", he means a machine that is smarter than any one human - in many different areas, and he uses examples like the chess-playing computer Deep Blue. It's hard to know where to start with Dr. Ohnishi's books. I would recommend either his website (go there first) or his YouTube channel. There is so much interesting information in them. I thought it would be cool to show you a few of his books, and give you a taste of how intelligent he is, and what he has to say. Dr. Ohnishi is very smart, very funny, and (of course) very entertaining! Dawn of a New Era, Dr. Ohnishi's first book, came out in 2006. It is about philosophical and sociological issues involving AI. It was a bit of a shock to read. AI has been an important part of the human's future for a
